

EvoTouch.514 DALI-2 Glass Touch Panel, 1 Button, 2 Sliders, Tunable White

TCH-514x-001 is a modern DALI-2 control panel that combines advanced technology with sophisticated design. Its glass front and intuitively designed icons provide an elegant and universal interface that meets the expectations of even the most demanding users. The panel is equipped with one touch button and two sliders, allowing precise switching on and off, as well as smooth adjustment of light intensity and colour temperature. It is ideal for controlling a single group or one DALI lighting scene. Additionally, an LED indicator signals the control status of the group or scene, significantly enhancing user comfort. Available in classic white or elegant black. Custom versions, including panel colours and configurations of icon and sliders, are available upon individual request.

Technical specifications

Power supply	9,5 ÷ 22,5 V DC (via DALI Bus)
Current consumption from DALI Bus	2,5 mA
Communication protocol	DALI-2
Number of DALI addresses	1
Number of status indicator LEDs	1 x LED, configurable
Wiring terminals	WAGO spring terminals, wire from 0,25 to 2,5 mm ²
Mounting	Ø60 mm flush-mount box
Dimensions	86 x 86 x 36,5 [mm]
Color	White or black
Materials	ABS + PC + Glass
Operating temperature	0 °C to +50 °C
Storage temperature	-20 °C to +50 °C
Relative humidity	5 % ÷ 90 %, non-condensing
Weight	140 g
Protection	IP 20
Conformity mark	CE
Part number / EAN – White colour	TCH-514W-001 / 5904423369520
Part number / EAN – Black colour	TCH-514B-001 / 5904423369537
