

EvoRing.212 DALI-2 Glass Touch Panel, 5 Buttons, 1 Slider

RNG-212x-451 is a modern DALI-2 control panel that combines advanced technology with sophisticated design. Its glass front and intuitively designed icons provide an elegant and universal interface that meets the expectations of even the most demanding users. The panel, equipped with five touch buttons and a circular slider, allows for switching on, switching off, selecting one of the 4 available scenes, and seamless dimming of the light level. It is ideal for controlling four scenes of DALI luminaires. Additionally, four LED indicators signal the control status of the selected scene, which significantly enhances user comfort. Available in classic white or elegant black. Custom versions, including panel colours and icon and slider configuration, are available on individual request.

Technical specifications

Power supply	9,5 ÷ 22,5 V DC (via DALI Bus)
Current consumption from DALI Bus	4 mA
Communication protocol	DALI-2
Number of DALI addresses	1
Number of status indicator LEDs	5 x LED, configurable
Wiring terminals	WAGO spring terminals, wire from 0,25 to 2,5 mm ²
Mounting	Ø60 mm flush-mount box
Dimensions	86 x 86 x 36,5 [mm]
Color	White or black
Materials	ABS + PC + Glass
Operating temperature	0 °C to +50 °C
Storage temperature	-20 °C to +50 °C
Relative humidity	5 % ÷ 90 %, non-condensing
Weight	140 g
Protection	IP 20
Conformity mark	CE
Part number / EAN – White colour	RNG-212W-451 / 5904423369285
Part number / EAN – Black colour	RNG-212B-451 / 5904423369292
