

EvoRing.212 DALI-2 Glass Touch Panel, 5 Buttons, 1 Slider, Tunable White

RNG-212x-501 is a modern DALI-2 control panel that combines advanced technology with sophisticated design. Its glass front and intuitively designed icons provide an elegant and universal interface that meets the expectations of even the most demanding users. The panel, equipped with five touch buttons and a circular slider, allows for switching on and off, as well as smooth adjustment of the light intensity and colour temperature. It is ideal for controlling two groups or two scenes of DALI luminaires. Additionally, LED indicators show the selected slider function and the control status of individual groups or the selected scene, which significantly enhances user comfort. Available in classic white or elegant black. Custom versions, including panel colours and configuration of the icons and slider, are available upon request.

Technical specifications

Power supply	9,5 ÷ 22,5 V DC (via DALI Bus)
Current consumption from DALI Bus	4 mA
Communication protocol	DALI-2
Number of DALI addresses	1
Number of status indicator LEDs	5 x LED, configurable
Wiring terminals	WAGO spring terminals, wire from 0,25 to 2,5 mm ²
Mounting	Ø60 mm flush-mount box
Dimensions	86 x 86 x 36,5 [mm]
Color	White or black
Materials	ABS + PC + Glass
Operating temperature	0 °C to +50 °C
Storage temperature	-20 °C to +50 °C
Relative humidity	5 % ÷ 90 %, non-condensing
Weight	140 g
Protection	IP 20
Conformity mark	CE
Part number / EAN – White colour	RNG-212W-501 / 5904423369308
Part number / EAN – Black colour	RNG-212B-501 / 5904423369315
